Following the coldest morning of the winter when the mercury dropped to zero here for the first time this winter, the winter's ninth snowfall early today added three inches to the white cover in the mountains of western and northern Adams County.

The accumulation here of intermittent snowfalls that began about midnight was about three-quarters of an inch by mid-morning.

There were many unofficial reports of below zero readings in the county Sunday morning. WGET reported four below and the Penn State Research laboratory station at Gettysburg reported a low of 9 below zero. The Gettysburg Times weather station's low reading was zero.

COLDEST IN YEAR

It was the coldest morning here since last February when Gettysburg's low was 7 below zero.

The snowfall began in the mountains west of here about 11 o'clock Sunday night and the first state highway snow plows were dispatched at 11:15 p.m. They continued work through the night plowing and scattering anti-ice material, salt and chemicals through the county. At 11 a.m. today the trucks were still at work.

It snowed a year ago on February 12 and that snowfall put the month's total over the 22-inch mark. It sent last winter's total snows above the 60-inch level. This winter's snows so far have totaled only 21.2 inches.

CHOIR GIVES FINE CONCERT ON SATURDAY

The Gettysburg College Choir presented its annual concert of sacred music in Christ Chapel Saturday evening.

The 60-voice group, which recently returned from a southern tour, was under the direction of Paul Peterson, assistant professor of music.

Peterson led his singers through a varied program that spanned the choral field from two of the Bachs and Luis de Victoria through the more modern Russian composers and into the era of Grieg and F. Melius Christian-sen, director of the St. Olaf's College Choir, with whom he studied in Minnesota.

In the two opening groups the singers achieved rich a cappella singing.

Johann Sebastian Bach's joyous "Sing Ye to the Lord" introduced the first group and was followed by "We Need Thee O Lord," of Johann C. Bach, a cousin of the German master, and Martin Shaw's more modern "Sing We Merrily to God." Tschernokoff's "Salvation Is Created," Tomas Luis de Victoria's "O Wondrous Nativity" (sung in Latin), Edward Baird's "I Sat Down Under His Shadow" and Georg Schumann's "How Great Are Thy Wonders" comprised the second group. The singers responded well to their conductor in delicate shadings, particularly those of the Bachs.

TWO SOLOISTS

In part four Peterson chose simpler compositions. It began with the appealing Norwegian folksong "In Heaven Above" in which James L. Meyers was the soloist and ended with "Beautiful Savior," the Crusaders' hymn, which has so often been the signature of the choir's concerts. Miss Theresa Cocklin was the soprano soloist in the latter number. The soloists were more than adequate in their roles.

The compositions of Dr. Christiansen, "Regeneration" and "Psalm Fifty," were well rendered. Alexander Gretchaninoff's triumphant "O Be Joyful and Sing" and the southern spiritual "Wondrous Love," in which Miss Cocklin was the soloist, were also included in the program.

The chapel was well filled for the concert which was broadcast by station WGET.

Abraham Lincoln

So great was Lincoln, and so small we stay
That God must wonder if our eyes are blind
To high examples of our fellow kind.
To those who come to us to show the way,
Fashioned, as we, of spirit and of clay,
By Him intended, and by Him designed
To break the petty fetters of the mind,
Vainly outlive the hatreds of their day.

Rugged was he, yet tender as a child;
Strong as a rock against life's storms he stood.
Mocked and derided, patiently he smiled,
Content to wait and battle for the good.
His sad, staunch soul with sympathy grew great:
He pitied men, but never stooped to hate.

Lincoln could weep, and now and then the tears
Stained his gaunt cheeks. At other times a jest
Soothed the heart-anguish burning in his breast:
But none can find where bitterness appears
To mar the record of his troubled years.
Friend to the weak, the troubled, the oppressed,
To them he gave his utmost and his best,
Which is the glory of all great careers.

Yet still men seek revenge for fancied wrong;
Plot selfishly some place of pride to gain;
Stay little 'neath the bludgeonings of pain.
Thinking that hate and malice make them strong!
They turn to Lincoln in his birthday hour,
But fail to learn the secret of his power.

9 GRANGES OF TWO COUNTIES AT "POMONA"

More than 100 persons attended the Pomona of the Granges of York and Adams Counties, Saturday at Eureka Grange Hall, near Dillsburg.

Joseph Wilson, Superintendent of York County Schools, using the topic, "The Big Red School House," spoke of the present school reorganizing program.

He said: "The pattern of the development of the primary and high school system which led up to our reorganization began back in 1921. The demise of the one-room school started with the passing of the law requiring the state to pay \$200 annually for each one-room school closed."

COUNTY BOARDS

"By 1937 the organization was given additional push by the creation of county boards organized primarily for the purpose of expediting the reorganization of school districts."

"The third step along the way was the adding of incentives such as additional pay of \$500 to \$800 per each unit of pupils."

The afternoon program also included a reading by Miss Victoria Yasenchok of the Red Lion Grange, specialty numbers by the Springfield Grange, and a skit, "The Joy of Reading," by members of the Biglerville Grange.

Several skits and specialty numbers were presented for the evening session. A skit entitled, "The Rummage Sale" was in charge of Valley Grange.

Red Premier Suggests 18 Nation Summit Conference In Geneva In Early Future

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Soviet Premier Khrushchev has proposed an 18-nation summit conference on disarmament to meet in Geneva in little more than a month. The West seemed certain to turn down the proposal, though a later summit session seems a definite possibility.

The Soviet news agency Tass announced Khrushchev's plan today. The proposal was contained in a letter to President Kennedy delivered at the State Department Sunday morning.

In the letter Khrushchev proposed that the 18-nation disarmament conference—scheduled to begin March 14 in Geneva—start work at the summit level.

It was understood that the session would be confined to the single subject of disarmament, based on a set of principles agreed to by the United States and the Soviet Union at the United Nations last September.

What stand the United States and its allies, and perhaps a number of non-aligned countries, will take in response to the Khrushchev proposal will be determined in urgent consultations expected to begin immediately.

The White House and State Department declined any immediate comment as word of the reported new Khrushchev maneuver quickly circulated through the capital.

WANTS ADVANCED PLANS

There appeared to be no likelihood whatever that Kennedy would agree to a meeting with Khrushchev and other government chiefs at the outset of the March 14 talks.

The President often has said there must be adequate advance preparations for a summit conference. He told a recent news conference he did not think a meeting with Khrushchev would be advisable under present conditions.

However, if the Geneva dis-

ALERT 30,000 IN PARIS AREA AGAINST REDS

By DAVID M. MASON

PARIS (AP) — Thirty thousand police and riot forces stood by in the Paris region today as worried government officials girded for possible street clashes and other violence.

Security forces were concentrated to counter a banned demonstration scheduled for late afternoon on the vast Place de la Republique in eastern Paris. The French Socialist party called for a "peaceful but energetic" demonstration against the right-wing Secret Army Organization and against police repression of demonstrations last Thursday which left eight dead and hundreds injured.

REDS JOIN FORCES

The French Communist party quickly summoned its militants to join the Socialists "shoulder to shoulder" and other leftist organizations backed the demonstration call.

The government sternly recalled that all street demonstrations are banned under the state of urgency in effect in France since last April's abortive Algerian uprising. Interior Minister Roger Frey warned in a nationwide radio-TV speech that unless the demonstration organizers back down, the forces of order "will do their duty and prevent the demonstration."

Premier Michel Debre made an unusual visit to the Interior Ministry today to confer with law enforcement chiefs and to express the government's confidence in their ability to maintain order.

STOCKPILES PACK "SHOCK"

WASHINGTON (AP) — The government's excess hoard of strategic materials will have to be sold slowly—perhaps over 10 years—to avoid a stunning shock to the economy, say senators who have scanned secret reports.

The question of disposal likely will be one of the major problems of a Senate subcommittee preparing to act on President Kennedy's order for an inquiry into stockpiling.

And the stockpile's two giants—aluminum and rubber—probably will get most of the attention.

Informed senators noted that a decision made in the Dwight D. Eisenhower administration — and concurred in currently by Kennedy — to cut the strategic requirement from a five-year supply to a three-year one contributes to the excesses.

The more than two million tons of aluminum and million tons of rubber presumably could be sold for a profit at present prices, providing a way would be worked out for gradual disposal.

FORT LAUDERDALE, Fla. (AP) — Federal agents announced the recovery today of \$1,750,000 in gems stolen from a Pompano Beach jewelry store and called it one of the largest gem theft recoveries in the history of the country.

YOUTH FREED BY REDS SHUNS PROPAGANDA

By A. F. MAHAN
ANN ARBOR, Mich. (AP)—"There is an opportunity to make a lot of cheap propaganda slandering East Germany—don't do it in my case," said Frederic L. Pryor, 28, Sunday on his return home after his release from a Soviet prison.

"After tomorrow, forget me," he said.

His graying mother, Mrs. Millard H. Pryor, beamed. "This is what I have been waiting for." She had been waiting five and a half months.

The scene was nearby Willow Run Airport with a New York-Detroit airliner a backdrop.

Less than 48 hours earlier Frederic had been released by East German Communists who had picked him up as an espionage suspect in East Berlin last Aug. 25. His mother and father, who learned of his detention three weeks afterward, had spent most of their time since in Berlin.

BONUS IN DEAL
Frederic said he "assumed I was just a bonus in the deal" in which American U2 pilot Francis Gary Powers was swapped for Soviet spy Rudolf Abel early Saturday morning.

The lean, tallish Frederic told newsmen he was "happy, grateful to be home." He said he had not been physically mistreated by the Communists.

Pryor was a graduate student at the Free University in West Berlin when he was detained by the Communists. He had gone into East Berlin, he said, to listen to a speech by Communist leader Walter Ulbricht.

Pryor had taken with him a copy of a doctoral thesis he was writing on East European Communist trade. It contained facts and figures gathered from many sources, but Pryor insisted none of them were of a military nature.

Pryor described the unofficial charge against him as "economic espionage," but said he never was shown any official warrant or indictment.

WRECKAGE OF PLANE CRASH FOUND TODAY

By MALCOLM W. BROWNE
SAIGON, South Viet Nam (AP)

Searchers today found the burned and scattered wreckage of a Vietnamese military C47 transport plane that apparently carried 10 men—eight Americans and two Vietnamese—to death on a leaflet dropping mission Sunday.

Bodies of nine men were found with the wreckage in a mountainous area 80 miles northeast of Saigon. Rescue teams assumed the 10th also perished, despite a report that parachutes had been seen in the area.

All the Americans aboard were personnel of U.S. Army and Air Force. At least one was assigned to psychological warfare work in South Viet Nam.

Names were withheld.

CAUSE NOT KNOWN
It could not be determined immediately whether the two-engine plane had crashed or been shot down by Communist Viet Cong rebels operating in the area.

The leaflets being dropped carried the text of President Ngo Dinh Diem's lunar New Year message to the nation, which reviewed accomplishments of his government in the past year. The plane had been flying from Saigon to the coastal town of Da Nang. It was the fourth crash in recent weeks of military aircraft carrying Americans. Previous plane casualties were two helicopters destroyed in mopup operations against the Viet Cong and a twin-engine transport which crashed Feb. 2 while making a defoliation dry run. Defoliation planes spray thickly foiled areas along roads and railroad tracks to destroy the cover used by the Viet Cong for ambushes.

MYSTERY VEILS WHEREABOUTS OF F. G. POWERS

By BARRY SCHWEID
WASHINGTON (AP) — American U2 spy pilot Francis Gary Powers faces detailed grilling from U.S. intelligence agents when he completes a secret rendezvous with his wife.

Among questions awaiting the flier, free after 21 months in a Soviet prison, are: What really happened the morning of May 1, 1960, when he was downed deep inside the Soviet Union? How much did he tell the Russians about his mission?

Preliminary questioning presumably began shortly after the 32-year-old pilot crossed a Berlin bridge into American hands Saturday in a two-for-one trade for Soviet spy Rudolf I. Abel.

Official sources are not saying Powers is in military or government custody, but ever since he crossed a white line where Communist East Germany ends and West Berlin begins, a carefully contrived secrecy has cloaked his movements.

JOINS HIS FAMILY

All the White House would say in a brief announcement Sunday was that Powers was home again and that he had been reunited with members of his family.

In a far-flung game of hide-and-seek dogged newsmen tried to find out for themselves where Powers and his wife, Barbara, were holding their reunion. Various leads pointed to Maryland's Eastern Shore, but the exact meeting place could not be pinned down.

The White House declined to say what family members Powers saw but presumably he met also with his parents, Mr. and Mrs. Oliver W. Powers, of Norton Va. The Central Intelligence Agency was believed to be setting up a board of inquiry to look fully into the Powers case. CIA Director John A. McCone will determine the board's composition.

LAWYER RETURNS

Another figure in the unprecedented exchange arrived home Sunday, James Britt Donovan, the New York lawyer who defended Abel in his 1957 espionage trial and then negotiated his deportation in a trade for Powers and student Frederic Pryor.

The White House statement on Powers said that "as previously stated, he will be interviewed by appropriate U.S. government officials."

The United States has said he was a Lockheed test pilot working under a National Aeronautics and Space Administration contract when he was downed in a high-altitude photographic mission 1,240 miles inside the Soviet Union. It is generally assumed that the CIA directed the operation.

Dilworth Enters Primary Campaign

PHILADELPHIA (AP)—Richardson Dilworth, whose resignation as mayor of Philadelphia became effective today, announced he is a candidate for the Democratic party's nomination as governor of Pennsylvania.

The 63-year-old Dilworth told a news conference, "I am in this race to stay—and I shall give it the very best I have."

Dilworth's announcement confirmed all the reports, rampant since he announced last month he would resign as mayor effective Feb. 12, that he would seek his party's gubernatorial nomination.

His "into-to-stay" declaration was interpreted as a determination to face a primary battle should he fail to get his party's endorsement.

armament group can make progress toward translating general principles of disarmament into concrete programs of action, there is reason to believe Kennedy might be willing to go to a summit meeting at a late stage of the negotiations. The Geneva group is to report to the United Nations June 1.

7-PAGE LETTER

The new Soviet proposition reportedly was delivered when Mikhail N. Smirnovsky, ranking official at the Soviet Embassy, met Sunday morning with Secretary of State Dean Rusk at the State Department. Smirnovsky reportedly gave Rusk a seven-page letter from Khrushchev addressed to Kennedy.

Rusk immediately got in touch with the President, who was spending the weekend at Middleburg, Va. Late in the afternoon Rusk called in the ambassadors of Britain, France, Italy and Canada.

The Khrushchev letter is said to have been sent in reply to a proposal which Kennedy and British Prime Minister Harold Macmillan made to him last Thursday. It called for the Geneva meeting to be opened by foreign ministers of the United States, Britain and the Soviet Union.

SERIOUS ISSUES

In effect, Khrushchev raised the bid by suggesting that the 18-nation session be opened not by foreign ministers but by heads of government.

The Soviet leader is reported to have told Kennedy that the issues involved in disarmament were far too serious to be left to "bureaucrats"—by which he made clear he meant the foreign ministers.

The set of disarmament principles on which the United States and the Soviet Union agreed last fall calls for various stages of supervised disarmament aimed to totally dismantling national military forces and arsenals.

The United States at the time pointed up at the United Nations the failure to agree on the critically important requirements of an international inspections system. The inspection problem, in the western view, poses the major obstacle in the way of the forthcoming Geneva negotiations.

Khrushchev's letter to Kennedy reportedly made no direct reference to nuclear test ban negotiations.

LINCOLN KIN NOT PLANNING OBSERVANCE

By ARTHUR RISTAU
MANCHESTER, Vt. (AP)—The mistress of "Hildene" planned "nothing special" today as millions of other Americans remembered the 153rd anniversary of the birth of her great-grandfather.

Mary Lincoln Beckwith, 63, says she is proud to be a member of the distinguished Lincoln family but thinks it illogical to "plan something for a relative who was dead before you were born."

Since 1938 she has operated the 1,000-acre dairy farm built by her grandfather, Robert Todd Lincoln, only son of the 16th president to reach maturity.

Her neighbors say Miss Beckwith doesn't much care about her distinguished ancestry.

ALWAYS PROVOKING

"It always provokes me," she said, "when people stare and say: 'There's Lincoln's great-granddaughter.' It's just my luck he was related to me."

Her farm was built at the turn of the century, 30-odd years after Robert Lincoln first visited this southwestern Vermont town with his mother, Mary Todd Lincoln, while he was a Harvard undergraduate.

Her cousin, Lincoln Isham, 68, lives in nearby Dorset where he

works on his collection of Lincolniana, much of which has been donated to the Smithsonian Institution in Washington.

ANOTHER WORKDAY

Her brother, Lincoln Beckwith, operates a farm in Virginia. None of the three Lincoln descendants has children.

Their great-grandfather was said to have visited Springfield, Vt., during his first term.

Stephen Douglas, the famed "Little Giant" with whom Lincoln engaged in the memorable series of debates, was a native of Brandon, Vt., and a graduate of Brandon Academy.

Abe carried Vermont handsily against native son Douglas, winning the state by 25,000 votes in the 1860 election.

Today was a legal holiday for state employees and most banks in Vermont remained closed. But for Mary Lincoln Beckwith, indifferent, but proud of her ancestor, it was just another workday.

21 Routed From 6 Burning Homes

CENTRALIA, Pa. (AP) — Fire swept six homes here Sunday routing 21 persons and causing an estimated \$75,000 damage.

Firemen said the blaze apparently started in an overheated chimney or in wiring between two of the houses.

One of the six buildings was vacant. The Mount Carmel-Shamokin Red Cross unit declared Centralia an emergency area and moved in with food and bedding for the victims.

More Arnold Guns On Magazine Cover

A second color portrait of guns owned by Ralph E. Arnold, York St., has been used as a cover for the American Rifleman Magazine, official journal of the National Rifle Association of America.

Walter B. Lane, York St. photographer, made several color transparencies of arms owned by Arnold. Two of them were selected by The American Rifleman for use as front covers. The first was printed in November, the second in the current February edition.

The guns shown in the current cover shot are U. S. martial pistols, a pair of Model 1842 .54 calibre pistols made by G. Aston and Co. in 1851 and a .58 calibre Model 1855 Springfield Army pistol-carbine with detachable stock and equipped with a Maynard tape primer mechanism.

The pistols were photographed on an 1858 C. M. and C. E. Hopkins map of Adams County also owned by Mr. Arnold.

10-MINUTE OVATION

SWARTHMORE, Pa. (AP) — Michael Isador, a 22-year-old Philadelphia pianist, received a 10-minute standing ovation Sunday night after a concert at Swarthmore College.

Isador, a student of Ilona Kabos in London, played several selections from Bach, Beethoven and Chopin.

About 250 persons attended, several others being turned away for lack of space.

DIRKSEN TALK GOES IN RECORD

The address given here November 19 by Senator Everett McKinley Dirksen, of Illinois, at the services marking the 98th anniversary of the dedication of the National Cemetery, has been reprinted in full in the Congressional Record.

Congressman George A. Goodling had the speech printed as an extension of his remarks in the House on Monday. In his introduction to the speech Congressman Goodling said: "Mr. Speaker, it was fitting that, 98 years after the 'Man from Illinois' made his memorable address which will live through the ages, another Illinoisan stood on the exact spot, this past November 19, and paid him a glowing tribute."

"His was a unique tribute in that he compared the challenges of those days to many we face today, using every highlight of that address to assure us that since that long-ago time we have faced crisis after crisis and because we are a nation founded on liberty and equality we have endured."

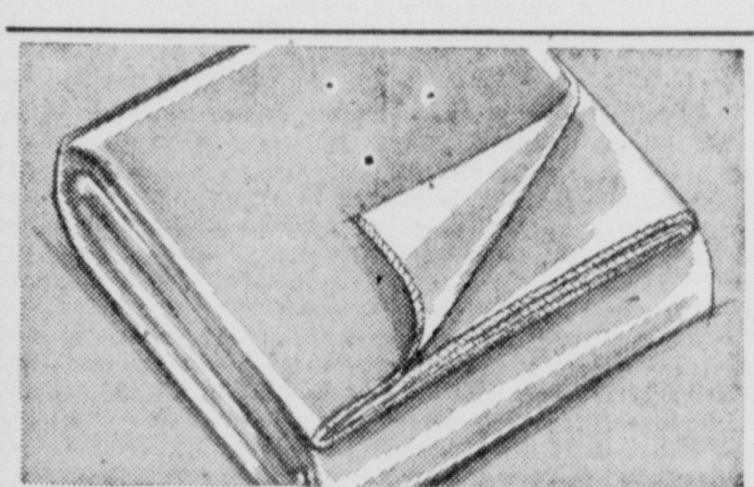

"Senator Dirksen, of Illinois, at Gettysburg Battlefield on the 98th anniversary of Abraham Lincoln's Gettysburg Address, in his own eloquent way, painted the beautiful word picture which follows." Then was printed the entire text of Senator Dirksen's speech here.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

The barracks are completed so far as to accommodate the non-commissioned officers and privates of the Porter Guards, and they are all on the ground. There are eight buildings—one for each company—112 by 16, all comfortably divided and arranged, and a guard-house. The building for the officers is now in progress of erection. It will be divided into several apartments; and arranged with great regard to comfort. The buildings in which the men are now domiciled are very convenient and comfortable.

The friends of Mr. Thomas J. Himes, who was recently killed near Shippensburg, offer a reward of \$25 for the gold watch of the deceased, which, it appears, mysteriously disappeared at the time of the accident. No doubt it was taken from his lifeless body by a vile wretch who would plunder the dead. We envy him not the remorse which must be his.

Another Senatorial Inquiry
Probably: The expulsion of Mr. Bright is likely to prove only the beginning of the war against Senators suspected of disloyalty. Attention is already being directed toward Mr. Powell, of Kentucky. It is said that shortly a resolution will be introduced into the Senate directing the Superintendent of the Document Room to inform that body what public documents Mr. Powell has ordered to be sent to members of the Southern Confederacy since the formation of the Provisional Government.

SEVENTY-FIVE YEARS AGO
The Cumberland Valley Editorial Association will meet in Carlisle on Feb. 23d, at 1 o'clock P. M. All Editors in the counties of Franklin, Fulton, Cumberland, Adams, Perry, and York, Pennsylvania, and Washington county, Maryland, are invited to be present and become members of the Association.

Accidents: The youngest son of the late Israel Shank, of Biglerville, had his right hand so badly mutilated by a fodder cutter on Wednesday that amputation was deemed necessary. Drs. T. T. Tate, W. H. O'Neal and Clarence Rether amputated the hand near the wrist, and the patient is doing well.

Arrested: Ephraim Potts, of Biglerville, was arrested on Saturday, charged with obtaining \$625 from the Munnasburg Insurance Company by false pretenses. His store was burned last spring, and he claims that the loss was the above amount, which the company paid him. He waived a hearing and gave bail for appearance in April Court.

The Reformed Church Pink Tea Party on Friday night, in Tipton's finishing room on York street, was a great success, and net profit of \$70 was realized. This is to be added to the fund already raised for the purchase of an organ and for repairs to the Church. The room was handsomely decorated with pink. The windows had lambrquins of pink paper. In each of the windows was a large letter T of pink paper. The table cloths and napkins had fringes of pink paper sewed on them.

ORGANIZE BOATING CLUB
ALLENTOWN, Pa. (AP)—Boating enthusiasts met here Sunday to organize the Lehigh Valley Division of the Pennsylvania Pleasure Boat Association.

The 175 persons on hand also outlined plans for improving boating in the Lehigh River area.

Mayor John T. Gross pledged support for their efforts in an address before the group.

Aqueduct, which opened for racing on Sept. 14, 1959, was the first new thoroughbred racetrack built in New York in more than 50 years.

Today's Talk

THE SENTIMENT OF IT
If a man comes along and tells you he doesn't believe in sentiment, I would leave him alone if I were you.

The only men worth trusting and trying to be those who are able to feel.

To be sentimental is to live in the world of feeling. All great men are steeped in sentiment.

Lincoln couldn't allow young boys to be shot because they got tired on duty and fell asleep. The great Webster went to bed and wept when his father told him he had put another mortgage on the farm so that he might go to college.

Mothers are mostly all sentiment because they are mostly all heart.

When you expose your heart to a man in a business deal he is going to trust and stick to you. I saw a traffic cop stop a long line of cars in New York City recently while he personally led an elderly lady — probably the mother of a fine grown family — safely across the street. I could see the picture of that traffic cop's own mother in my mind's gallery as he did that gentle and thoughtful considerate act.

Don't hide your sentiment. Be glad and proud of it.

Your own town or village is spotted with lovely parks and beautiful roads. In summer flowers bloom and trees give shade. Pictures hang in your home, and you say kind things and defend the weak — all for the sentiment of it. And God bless you for it! Water your sentimental feelings. Keep them green. Never mind the criticism of those who pretend they do not believe in sentiment. Those who do not believe, and nurture, sentiment in their hearts are dried up folks.

Letter To The Editor

Editor
The Gettysburg Times
Gettysburg, Pa.
Dear Sir:

I'm sure most of the people of Gettysburg read the prime example of "Yellow Journalism" published in the February 4 edition of the Philadelphia Inquirer. It is deplorable when some of our newspapers should resort to sensationalism of this type to create interest in a situation that doesn't exist. Being a resident of Gettysburg whose business was directly attacked by this article I feel a few things need clarifying.

The article quotes a Mr. Kynor as saying "some of these motels get \$18 to \$22 for a room." It seems a pity that neither Mr. Holland, who wrote the article, nor Mr. Kynor saw fit to explain these rates were probably for five or six people. It is a matter of record for all to see in the AAA tour book and similar publications what the maximum rates member motels may charge. These average out to about \$11 per couple. A quick glance in the same publication discloses rates as high as these for two people: Washington, D. C., \$30; Poconos, \$42; Williamsburg, \$23. These are all tourist areas and I'm sure people take their children along for which there is an extra charge. Why single out Gettysburg? And, most of all, why should Mr. Kynor, who apparently plans to enter the tourist accommodating business, pass on such erroneous, or incomplete, but very damaging information.

One of the main points of this article deals with the "Gettysburg Education Foundation, Inc.," and their intentions in building a \$500,000 dormitory-type complex "to house groups and school children." The article insinuates the accommodations in Gettysburg are so expensive as to prohibit children's groups from staying. It claims the Foundation will correct this situation. Actually Gettysburg motels are host to many satisfied school groups and have been for many years. The article does admit that the Foundation is a private, profit-making organization. It's not even incorporated yet.

It will be interesting to see how philanthropic the Foundation becomes when it is paying off that \$500,000 investment. The article names the directors of the foundation, the only one of whom who now has a business in Gettysburg is Mr. Antine, a part-owner in the Diorama museum, which, by the way, recently reduced their rates to 80c.

16 DEAD FROM ACCIDENTS THE PAST WEEKEND

By THE ASSOCIATED PRESS

Ten persons were killed in traffic accidents, two others died in fires and three men were crushed to death in separate accidents, pushing the weekend toll in Pennsylvania to 16.

A 17-month-old girl, Denise DeViney, of Upper Merion Township near Philadelphia, suffocated Sunday when the lid of a toy chest fell and pressed her throat against the edge of the box while she apparently was searching for a plaything, authorities said.

Among the traffic victims were a young girl and boy who were killed in separate accidents resulting from icy roads.

Kathleen O'Brien, 17, of Smethport, was injured fatally Saturday night when the car in which she was riding skidded on ice and crashed on Route 446 near Bradford.

SIMILAR ACCIDENT
Kenneth L. Herlt, 14, of Tyrone, was killed in a similar accident near Tyrone.

Another young boy, William Bellas, 10, of Dallas, was killed Saturday when he rode his sled out of the driveway of his home into the path of a car.

The other victims included: Media — Mrs. Jeanne Deoney, 25, Folsom in Delaware County, fatally injured Sunday when she was thrown from a car which overturned after skidding on some ice in nearby Concord Township.

Philadelphia — Frank McGuire, 60, struck by a car Saturday while walking near North Broad St.

Oil City — Richard D. Fischer, 33, Oil City, Saturday when his car crashed on a curve near here.

McKeesport — John Harmon, 42, of West Mifflin, when his car here Sunday.

Philadelphia — Mrs. Ida Dennis, 66, suffocated Saturday night in a fire at her home.

HIT BY CAR
Philadelphia — Crystal Berry, 4, suffocated in a fire Saturday in her home. A brother and sister were injured critically.

Edinboro — Floyd W. Fuller, 10, hit by a car Saturday night in front of his home two miles north of this Erie County community.

Harleysville — Claude Halteman, 22, Norwood, crushed Saturday when the body of a dump truck he was trying to repair fell on him.

Berwick — Luther W. Evans, 38, Millville, fatally injured Saturday in a car skidding accident near here.

Erie — Joseph Narus, 14, hit by a car Friday night and died Saturday. Three companions were also struck but were not injured seriously.

Somerset — John Nivinski, about 45, Cairnbrook R. 1, in a rock fall Saturday at a mine near Cairnbrook.

Pottstown — Richard D. Seitzer, 35, crushed Friday night when metal parts containers fell on him in a manufacturing plant.

COLMAN, S.D. (AP) — Some 1,200 participants and more than 3,000 spectators cheered Sunday as Rich Closs landed the biggest fish in the annual ice fishing derby at Lake Madison.

The De Smet, S.D., angler won first prize, a 14-foot boat, on his catch—a four-ounce perch.

Other prizes were awarded by lot. Closs's perch was the only fish caught.

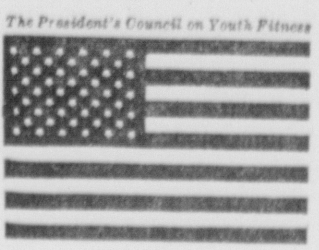

most of their efforts leaves you with the impression there is nothing left of the battlefield for people to see when actually there is 2,800 acres of some of the most beautiful scenery in the eastern half of the U. S. Mr. Holland insinuates, as has often been done before and seems to be the current vogue, that the battlefield is overrun with motels, lunch rooms and ice cream stands. I wish just one of these journalists, when seeking a little fame, should have the courage to tell the public the facts. The motels on or adjacent to the battlefield could be counted on one hand, the hot dog and ice cream stands number two, as do the restaurants.

Due to the centennial, many one publication you could imagine wants to hop on the bandwagon and publish something sensational about Gettysburg. They don't seem to care if it's true or not just so they can stir up an issue. Tourism is Pennsylvania's largest industry and certainly it is the life blood of this community. It affects us all whether we deal directly or indirectly with the tourist. We could all be just a bit more careful with the things we say to people when they are our guests. I say "our guests" in reference to the whole town being host to these 1,700,000 people that visited us last year. They dropped over \$10,000,000 in our laps. People will complain about anything, even if it's free. When we hear rumors, consider them as just what they are. Don't pass it on. It could be wrong information. We have an invaluable heritage here in Gettysburg. Many people worked many years to build it into the major attraction it is today. Let's not destroy it with a few careless words.

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Three U.S. presidents have been killed in office, and only one man is known to have been at the scene of all three assassinations.

This grim and unwanted distinction belonged to Robert Todd Lincoln, Abraham Lincoln's oldest son. He was present when his father was mortally wounded in 1865, and by a strange double quirk of fate also arrived on the scene shortly after James Garfield was shot in 1881 and William McKinley in 1901.

MORE IRONY

Here's another irony: A headquarters building for training rookie firemen now stands at the site where Mrs. O'Leary's cow kicked over a lantern, reportedly starting Chicago's most disastrous fire in 1871.

Remember the Good Samaritan of Biblical fame? He hasn't done so well in terms of posterity. Only 345 Samaritans now live in the Holy Land.

What is the world's largest church? St. Peter's basilica in Rome. It is 460 feet wide, 632 feet long, covers an area of nearly six acres.

Our quotable notables: "The more things a man is ashamed of the more respectable he is." — George Bernard Shaw.

How's your sweet tooth? Americans now eat about 17 pounds of candy each year. One big chain reports 41 per cent of its annual candy sales are made in a total of 29 days before six holiday periods—Easter, Christmas, Valentine's Day, Mother's Day, Thanksgiving and Halloween.

The ancient Chinese regarded licorice as a medicine helpful in the treatment of coughs, colds, old age and ugliness.

TOUGHER TO STAY

Education isn't easy: It's as difficult to stay in college as it is to get in. Only three out of five college freshmen remain to win their sheepskins.

The U.S. Labor Department predicts that by 1970 at least one out of three jobs will be held by women.

25 MILLION DEATHS

Few realize the flu epidemic of 1918-19 was among the most disastrous in history. It afflicted half a billion people, took some 25 million lives.

Life in La Belle France: The typical French housewife spends 23 per cent of her household budget on wine. Some two million Frenchmen drink two or more bottles of wine daily. In the peak year of 1956 too much tipping brought death to 20,289 persons.

Security: The ambition of most people today seems to be to find a safe niche with a big corporation. Only one-third of the work force is hired by firms having fewer than 50 employees.

Say Soviets Won't Overtake The U.S.

UNIVERSITY PARK, Pa. (AP)—The Soviet Union is not likely to overtake the United States "even in gross national product" in the 20th century, Secretary of Commerce Luther H. Hodges said Sunday.

But he warned that Premier Nikita Khrushchev's "exaggerations" should not cause America to underestimate Soviet economic power, or Soviet ability to use that power as an instrument of political, economic and cultural penetration throughout the world.

Speaking before a predominantly student audience at the Pennsylvania State University, Hodges called for congressional support of President Kennedy's trade expansion program "to head off a return to protectionism in the Atlantic community."

He said this legislation would give America the bargaining power it needs to persuade the common market countries to scale down their common external tariff and would set the stage for the gradual development of a more truly international economy.

20 LOSE LIVES IN 6-DAY RAINS, CALIFORNIA

LOS ANGELES (AP)—A six-day Southern California rain deluge—one of the heaviest ever—showed signs of abating today after claiming more than 20 lives and triggering home-wrecking mud slides.

Two children died Sunday under tons of mud and three persons were presumed drowned in rampaging currents. Another boy drowned Thursday and a woman was crushed by a tree that had been undermined by rain.

Police blamed 15 traffic deaths on the storm.

Dams overflowed over the weekend sending water into some homes and imprisoning other residents on isolated knolls. Scores of major intersections were closed.

Residents in Fontana, east of Los Angeles, reported a damaging twister kicked up by winds accompanying the rain.

More than seven inches of rain had fallen in Los Angeles. More than 20 inches fell at Juncal Dam in Santa Barbara County and several mountain areas reported 14 inches.

Season rainfall totals were running five inches above normal in the Los Angeles area, the first time they have been above normal in several years.

Dennis Ray Milne, 9, apparently died in his sleep when tumbling hillside mud burst into his bedroom in suburban Monterey Park.

Laurence Bennett Freed, 2½, died when a section of a cliff gave way and demolished the roof of his family's house in the Sherman Oaks district. Police advised nearby residents to evacuate.

James Foville, 20, hasn't been seen since he launched a rubber raft on a flood-control channel in the Highland Park district Sunday. He is presumed drowned.

An innertube rider, John Clements, was swept away in a creek near Ventura when the tube overturned. John Reed disappeared when his boat failed to negotiate rapids of the Santa Clara River.

Mudslides pushed in the windows of actress Tuesday Weld's home and splattered into her swimming pool. Actor Richard Boone fought the oozing brown mess to save his home.

Residents evacuated 20 homes in Frazier Park, a community halfway between Los Angeles and Bakersfield, shortly before a dam spillway gave way and sent water coursing into six homes.

Water from another dam roared five feet deep through Big Tujunga Wash in the San Fernando Valley. It blocked the only exit road for 25 hillside families.

CLAY FLOORED BUT RALLIES TO KO BANKS

By MURRAY ROSE

Associated Press Sports Writer
NEW YORK (AP) — Cassius Clay must be developing an inferiority complex. He admits he's human.

And for Cassius that's quite an admission.

The undefeated, 20-year-old Louisville heavyweight, unbeaten since winning the 1960 Olympic light heavyweight crown, has been hollering for heavyweight champion Floyd Patterson, top contender Sonny Liston, Ingemar Johansson, and any of the other top ranking big boys.

Saturday night Cassius suffered the embarrassment of being dropped on his pants by little-known Sonny Banks of Detroit before he stopped the 21-year-old underdog in 26 seconds of the fourth round at Madison Square Garden.

REJECTED BID

"He caught me good with that left hook" said Cassius, adding it was the first time he was floored in his 11 pro fights, all victories. "Maybe I needed that," said Cassius. "Won all my 10 other fights easy. No trouble at all. Now I guess I'm human. Every now and then I gotta get hit in the head to realize I'm like other people."

This was a new, humble attitude. It lasted about 10 seconds.

"Bring on that Patterson (heavyweight champion Floyd Patterson) now," he shouted, almost as if he had gotten his second wind. "I told you that Banks would fall in four. Cleroux will fall, too."

One of his managers, Bill Faversham, had just accepted a Garden offer for Clay to meet Canadian heavyweight champion Bob Cleroux on March 31. But 24 hours later Cleroux' camp announced it had rejected the bid.

Arrest Man For Intent To Kill

HARRISBURG (AP) — City police arrested a Harrisburg man Sunday on a charge of intent to kill following a quarrel which resulted in the shooting of a Mechanicsburg man.

Police identified the assailant as Robert White, 43. He was held in connection with the shooting of Leroy Spangler, who was admitted to Harrisburg Polyclinic Hospital with a bullet wound in the upper left side of his chest.

The hospital listed Spangler's condition as satisfactory following surgery to remove the bullet.

Six other persons were arrested on a disorderly conduct charge in connection with the incident, which, police said, climaxed a quarrel between White and Spangler.

Police said the two quarreled when Spangler accused White of taking some of his money. A fist fight ensued before White grabbed a revolver and fired at Spangler, police said.

Det. Robert Copeland said the charge against White could be changed pending completion of an investigation into the case.

Arrest Man For Intent To Kill

HARRISBURG (AP) — City police arrested a Harrisburg man Sunday on a charge of intent to kill following a quarrel which resulted in the shooting of a Mechanicsburg man.

Police identified the assailant as Robert White, 43. He was held in connection with the shooting of Leroy Spangler, who was admitted to Harrisburg Polyclinic Hospital with a bullet wound in the upper left side of his chest.

The hospital listed Spangler's condition as satisfactory following surgery to remove the bullet.

GLENN READIES FOR SPACE TRY

CAPE CANAVERAL, Fla. (AP) — Astronaut John H. Glenn Jr. climbs into his space suit today for what he hopes will be his last make-believe trip around the world before the real thin on Wednesday.

As the Marine lieutenant colonel suited up for a full 4-hour and 50-minute run through his triple orbit flight, space officials huddled over weather charts and studied reports of wave conditions across the Atlantic Ocean.

Seemingly far from being in the best physical condition, the Gettysburg High School cagers (1-13) ran completely out of gas in the second half Saturday afternoon at Carlisle as they lost a 66-27 South Penn decision to the undefeated Thundering Herd who ran their winning streak to 11 straight.

The Warriors threw a scare into Carlisle in the first half when they took a 13-11 lead in the first quarter and kept right with the Herd in the second frame although falling behind 24-20 at intermission.

Their first half effort seemed to have taxed the Warriors to the limit as they were completely outclassed in the second half when they were limited to just seven points, the only point of the third period being a foul by Dick Crist.

It was simply a case of Carlisle having more stamina as it outlasted the tired Warriors on fast breaks and turned in a good shooting performance in pulling away easily in the last two frames.

Crist was high man for the Warriors with 12 points, 11 of which came in the first half. A trio of Herd players hit in double figures with Dick Hodges netting 16, Bill Owens 14 and Doug Boomershine 13.

JAYCEES LACED
The Warrior reserves were defeated in the preliminary by an almost identical score, 64-28. Six goals by Owens in the first quarter gave Carlisle an 18-7 lead and the Herd was never in trouble. Bob Deitz chalked up 13 tallies for the losers.

The Waynesboro Indians will come here Tuesday evening for a nonleague double-header.

RANGERS WIN WITH ROOKIE

By THE ASSOCIATED PRESS
Goalie Gump Worsley has recovered from his elbow injury and is ready to return to the New York Ranger nets. But it looks like substitute Marce Paille may not let him.

The Rangers, locked in a battle with Detroit in the only closely contested race now in progress in the National Hockey League, hastily summoned Paille from Springfield last Sunday when Worsley was injured.

They haven't lost since, and have climbed from fifth to a two-point lead over Detroit in the fight for fourth place, the last playoff spot. Importantly, Paille hasn't allowed a goal in the final period of any of the four games.

The Rangers were trailing by one goal going into the final period Sunday night when the husky French-Canadian goalie again shut the door and New York came up with a 5-3 triumph over Boston.

SHOWDOWN IS NEARING FOR MANY LEAGUES

By JIM HACKLEMAN

A showdown week in college basketball opens tonight, with a host of upper echelon teams due to meet head-on before the final shot is fired next Saturday.

The Southeastern Conference furnishes tonight's key attraction — Mississippi State at Kentucky. The defending champion Bulldogs are out to capture a share of the conference lead but will find the going rough against the streaking Wildcats, who have won 16 in a row counting Saturday night's 83-60 romp over Mississippi. Kentucky is 8-0 in the league and 17-1 overall while Mississippi State is 18-1 and 7-1 after beating Tennessee 91-67 Saturday.

LUCAS IS HOT
Ohio State, pace-setter in the nation and in the Big Ten, is at Michigan tonight. The Buckeyes (18-0) tied a record Saturday with their 23rd straight Big Ten victory as Jerry Lucas hit 14 of 15 field goal attempts and scored 34 points in a 91-66 rout of Minnesota.

Bradley (16-3) will be out to pad its Missouri Valley lead, entertaining Drake, while second-place Cincinnati (19-2) has a non-conference home game against George Washington. Bradley went out of the league Saturday night and barely nipped Louisville 80-79 on Ch. Walker's last-ditch shot. Cincinnati beat Tulsa 70-52. These two rivals meet a week from tonight at Cincinnati.

Another conference leader, Colorado of the Big Eight, plays at home tonight against Oklahoma. The Buffs kept ahead Saturday by downing Nebraska 74-63 and Kansas State stayed right behind with a 65-59 decision over Missouri.

SKYLINE SEARCHER
The Skyline race remained a scorcher, with Colorado State maintaining its half-game edge on Utah and Utah State. CSU beat Denver 77-62, while Utah State got by Brigham Young 80-70. Big number of the week is Utah State at CSU Saturday.

Duke and Wake Forest, 1-2 in the Atlantic Coast Conference, warm up with one game apiece before squaring off at Wake Forest Thursday. The Deacons are at home to Virginia tonight and Duke is at Maryland Tuesday night. The Blue Devils swamped Virginia 101-75 Saturday after Wake Forest had beaten North Carolina 87-80.

With the Border title all wrapped up, Arizona State completes its conference schedule tonight at Hardin-Simmons. The Sun Devils (17-3) outpointed West Texas 107-103 Saturday night.

OTHER GAMES
UCLA can go a long way toward the Big Five crown this weekend in a home-and-home series against Southern California. The Uclans stayed unbeaten in the conference by trimming Stanford Saturday 82-64, while Southern Cal lost to Stanford 67-56 Friday and rebounded over Washington 75-68.

Texas Tech regained first place in the Southwest Conference with its 81-62 victory over Baylor coupled with Southern Methodist's 59-44 decision against Texas A&M. Tech plays host to SMU Tuesday night and the Aggies tied with SMU for second, have a home game with Texas.

Cornell plays at Yale for top spot in the Ivy League Friday night. The Red Raiders overcame Penn 60-50 Saturday and the Elis kept pace by defeating Dartmouth 85-72.

In other key conference action — West Virginia clinched the Southern's regular season title, drubbing George Washington 87-62; Mid-American leader Bowling Green shaded Marshall 73-70; St. Mary's (Calif.) retained its perfect record in the WCAC, ripping San Francisco 74-60; St. Joseph's (Pa.) took sole possession of the Middle Atlantic lead in a 72-71 squeaker with Delaware and next faces second-place Gettysburg Tuesday night at Philadelphia; and Massachusetts held its game and a half advantage in the Yankee Conference, clipping Maine 72-66.

Bullets Top Mules To Gain 2nd Place; Play At St. Joe's Tuesday

Ron Warner paced the Gettysburg College basketball team into second place in the Middle Atlantic Conference University Division race when he tallied 25 counters to help the Bullets wallop Muhlenberg 82-60 Saturday night on the losers' floor before an estimated 2,300 fans.

While the Bullets were annexing their seventh conference victory of the season in Allentown, Temple defeated previously unbeaten Lafayette 75-60 in Easton and St. Joseph's, still undefeated, knocked Delaware down a couple of notches by winning a real thriller 72-71 in Newark, Del. St. Joseph's now holds the number one spot with a 5-0 slate. Behind Gettysburg (7-1) is Temple with 6-1 followed by Delaware and Lafayette with 5-1 slates.

This year is one of the few in the history of the university division that so many new teams have been able to go down to the wire with the so-called "bigger schools." One of the top battles in the conference will be staged Tuesday evening when Bob Hulton's cagers journey to Philadelphia to clash with the first place Hawks in St. Joseph's field house. The respective Freshman teams will meet in the preliminary. A large part of the student body and many area fans are expected to accompany the Bullets to Philadelphia.

WARNER PLAYS HALF
In the Bullet-Mule encounter, Warner rammed through 25 tallies in 12 of 19 field shots and one for one from the foul line. Because of a slightly injured ankle, Warner played only half the ball game. He competed in all but a few minutes of the initial half and four minutes of the second half. Ted Koerner was the runner-up in the scoring for Gettysburg with 17 points while Bob Parker netted 16. Gary Spengler paced the Mules with 19 while Chris Hiotis landed 15 encounters. Hiotis was the game's leading rebounder with 11. Koerner copped six grabs for the Bullets.

The point production was slow getting started as both teams missed many easy shots. Finally after 4:22 had elapsed in the game, Bob Parker hit on a corner jump and 20 seconds later Hiotis hit on an identical shot to make it 2-2.

After Koerner, Bruce Simpson, Warner and Parker landed two pointers, Hiotis added a free throw and Gettysburg led 10-3. From that point on the Bullets continually increased their lead and led 40-21 at intermission. During the first 20 minutes Bruce Simpson and the Mule's Dean Lowe were ejected from the game.

Parker and Koerner rammed through three quick goals to open the second half and boost Gettysburg to a 46-21 advantage. Muhlenberg was never able to come back. At the 14:22 mark, Hulton cleared his bench and the reserves carried the load, retaining the wide margin.

Buffalo, Barons Keeping Up Pace
By THE ASSOCIATED PRESS
The Buffalo Bisons and the Cleveland Barons refuse to give ground in their closely waged race for first place in the American Hockey League's Western Division.

The teams kept up the pace with weekend victories, Buffalo thrashed the Hershey Bears 7-3 Sunday night after a 7-1 triumph over the Pittsburgh Hornets the night before. Cleveland downed Pittsburgh 4-1 Sunday on the heels of a 4-2 victory over the Rochester Americans Saturday night.

Buffalo, leading the East, holds a three-point edge over the Barons, 61 points to 58. The Bisons, however, have played five more games than Cleveland.

In other games Sunday night, the Quebec Aces nipped the Providence Reds 6-5 in overtime and Rochester checked the Springfield Indians, the Western Division front-runners, 5-2.

Buffalo's victory over Hershey was its 10th in the last 12 games and was achieved before a crowd of 9,391, largest turnout at the Bisons' arena this season. Chico Maki and Murray Hall supplied the Buffalo scoring impetus with two goals for the Barons. This boosted his season's output to 32 and gave him 394 for his AHL career.

Cleveland, in handing Pittsburgh its 10th straight setback, posted its 16th victory in the last 20 games. Fred Glover, the league's all-time leading scorer, collected two goals for the Barons. This boosted his season's output to 32 and gave him 394 for his AHL career.

The National League brought up umpires William G. Williams Jr. from the International League and H. Douglas Harvey from the Pacific Coast League on a conditional basis last summer.

CANNER MAT TEAM HALTED BY CAMP HILL

After four straight triumphs, the Biglerville High School wrestlers were stopped by Camp Hill 37-17 in a nonleague match at Camp Hill Saturday afternoon.

Two falls were gained by the Canners, Fred Hartman, 180, pinning Karl Trimmer, and Perry Mickey, heavyweight, tossing John Maguire.

Decisions went to Bill Stoner, 120, and Dave Slonker, 133, of the Canners.

The Canners were severely handicapped by the loss of three regulars who were slightly overweight at weigh-in time and could not participate. They were Terry Taylor 103, Jim Patterson 112, and Carl Hess 134.

On Thursday Biglerville will meet Spring Grove at Biglerville in a York County League match.

TWO FORFEITS HURT BULLETS IN MAT LOSS

A pair of forfeits helped send the Gettysburg College wrestling team to its fifth loss of the year as the Temple grapplers carried off a 22-8 decision here Saturday afternoon in the physical education building.

Jack Ridinger's strong men were forced to forfeit the 130 and 137-pound events, giving Temple an added 10 points. Prior to the two forfeits, Gettysburg's Hayes Kline won his 123-pound bout by a 5-0 forfeit. The only real win of the afternoon for the Bullets came in the last bout of the match. Heavyweight Tom Shreiner won a 40 decision over Bob Marshall. There were no pins recorded in Saturday's match.

The Bullets wrestlers (1-5) will journey to Lancaster Wednesday for an 8:30 p.m. clash with the Franklin and Marshall Diplomats.

The results:

Buffalo, Barons Signed By Steelers
PITTSBURGH (AP) — Gerard "Buster" Ramsey, former head coach of the Buffalo Bills, has been hired as a defensive coach for the Pittsburgh Steelers, the club announced today.

Ramsey was fired at Buffalo earlier this year after the Bills finished in the cellar of the American Football League's Eastern Division.

The 41-year-old Ramsey had coached at Buffalo since the league was formed two years ago. In the two years his club won 11 of 28 regular league games. The Steelers said Ramsey will replace defensive line coach Chuck Cherundolo who resigned last Friday from the National Football League club.

An All-America guard at William and Mary in 1942, Ramsey played for the Chicago Cardinals and Detroit Lions of the NFL.

He was named an assistant coach at Detroit in 1951 and served under Buddy Parker, present coach of the Steelers.

ADVERTISE IN THE TIMES

AGRICULTURE
IN PENNA. IS
"RESENTFUL"

By RICHARD L. GRAVES
HARRISBURG (AP)—There appears to be a growing resentment in Pennsylvania agriculture that it is once again on the short end of a federal farm program.

As a result, the commonwealth's producers and their representatives are hopeful that the federal and state agriculture departments provide some specifics on what President Kennedy's long range farm plan has in store for them.

Basically, the Kennedy plan, as outlined by U. S. Agriculture Secretary Orville L. Freeman in Harrisburg Feb. 3, envisions farm acreage in the northeastern states becoming recreational areas for the sprawling urban regions.

TO ALLEVIATE SUPPLY

This switch from agriculture to other uses would help alleviate the growing national farm surplus problem by eventually diverting vast acreage from production.

But the Pennsylvania—and other northeastern states—producers are expressing some private concern over the plan on grounds that regional agriculture has some unique advantages over farms in other areas.

The most important of these, of course, is proximity to markets. Pennsylvania's milk, poultry, vegetable and orchard industries capitalize greatly on this proximity.

It has also contributed to a growing interest in beef production and production of other livestock products.

REFLECT SOUNDNESS

The gist of the Pennsylvania agriculture approach is: Why upset a good thing?

Despite its economic ills in the poultry and dairy industries, Pennsylvania agriculture is healthier than its commodity-for-community counterparts elsewhere in the nation. A reflection of that soundness is that Pennsylvania producers traditionally have voiced strong opposition to federal control programs.

But in the growing competition for land for nonfarm uses, Pennsylvania agriculture's doom appears to be sealed. Maybe not by 1960, a deadline set by the Kennedy plan for elimination of the 50 million acres of agricultural land, but not long after.

CAN'T COMPETE

In the five years between the 1954 and 1959 farm censuses, Pennsylvania lost nearly two million acres of farm land—some 15 per cent of its total—to non-farm uses.

In Delaware County, adjacent to Philadelphia, 30 per cent of the farm land disappeared; Bucks County lost nearly 18 per cent; Allegheny County (surrounding Pittsburgh) dropped 37 per cent.

Most of the farm land went into suburban housing and community-related needs. Highways gobbled up land at a rate of 50 acres a mile.

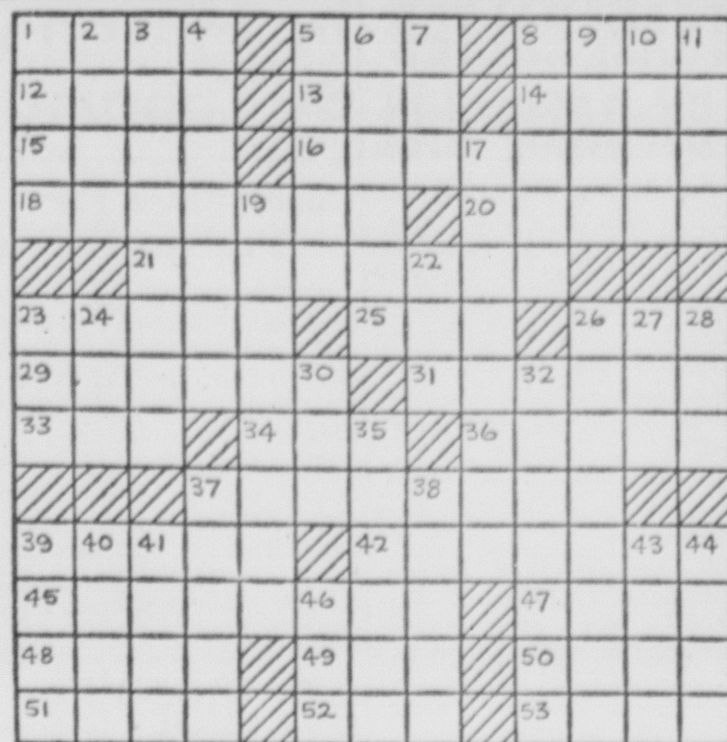

The problem for agriculture is that it cannot compete for land. It is out of the bidding when other demands for land move into the picture. In the northeast that means that agriculture will exist only as long as the other needs will let it.

HONG KONG (AP)—Robert F. Kennedy landed at this British colony within sight of Red China Saturday and said the Communist world has far more problems than the West.

Delayed two hours by a heavy fog covering Hong Kong, Kennedy came here after a three-hour stopover in Taipei, Formosa, en route from Japan.

The U. S. attorney general's visit here was chiefly for rest before continuing his goodwill tour.

You

By MARY SUE MILLER
FLATTERING COLORS. Which of these shades would most become you? Jade green, apple green or water green? Mind you do not pick one just

because you "love" it. Instead decide how much it loves you!

No aspect of fashion caters to loveliness as does an individually flattering color. That does not mean for flattery's sake you must wear a shade you despise. "Would be too depressing—needlessly so!"

The range of color in the fashion world is wide enough to permit choices that pamper both your whims and your looks. To make just-right selections, first off use this rule of thumb: Flattering shades bear the underlying tone of your skin or else play up its intensity—its degree of vividness. The exception is the florid skin; it is enhanced by low-key hues.

To see the principle at work, find your skin tone below. Beside it there's a list of "you" shades in terms of spring's palette.

BRUNET (creamy to olive): Peach, orange reds, apple green, Bristol blue, black with white, oaten beiges, daffodil yellows, pale grays, creamy white. FAIR (pink or bluish-white tone): Bright navy and pale-to-deep clear blues, mauve-pinks, jade green, mustard yellows, oyster white, blue-grays, black, whitened beiges. FLORID: Navy, green-cast sea blues, water and deep-blue greens, grayed beiges, blue-grays, bronzed browns, black, oyster white.

Now which of the shades listed for your type strike your fancy? They are the ones that will make you feel and look your most attractive self. For sure!

MOST FLATTERING COLORS

In fashion, nothing makes you lovelier than color. It can enhance your skin, hair, eyes and figure; it can express your individuality and style. Great powers, those! To learn how to put them to work for you, read our leaflet, "YOUR MOST FLATTERING COLORS." At numerous meetings of retired miners in Pennsylvania's anthracite region there have been charges that coal companies have not been paying into the fund royalties of 70 cents per mined ton of coal as contracted for.

There have been charges also that the coal companies owe millions of dollars to the anthracite fund.

Says Churches In Business
Should Pay Regular Taxes

HARRISBURG (AP)—When the church enters the field of business it should pay the same taxes paid by competitive business, says the Pennsylvania Council of Churches.

The council made this statement Thursday in taking a stand against extension of tax exemptions on churches.

A report of the council's board, adopted by the General Assembly, said:

"The church should consider itself an indispensable function of society and that its vigor is essential to the health and prosperity of society. That is not to say that it is entitled to a sheltered or privileged position when it enters the fields of commerce and trade."

"On the contrary, in such instance, it owes it to the community as a corporate responsibility to pay the same taxes borne by competitive business."

CREATE RESENTMENT

The assembly also expressed fear that exemptions would create resentment among people and the report said such resentment might "accentuate the appeal of secularism," adding:

"The history of civilization contains adequate warning that a rich church, concerned more with privilege and prerogative than with community responsibility, is at the eve of major antichurch revision and attack."

Further, said the report, a shift away from property taxes—the mainstay of local government—would appear to encourage centralization of government.

It recommended that the churches seek uniform application of existing property tax laws "with a view to eliminating present inequities among the various taxing subdivisions of the state."

The state constitution permits tax exemptions on "actual places of religious worship." However, this has been interpreted differently from county to county. Some counties count parsonages as exempt property, for instance, and others do not.

The board of directors report noted that of the 19 per cent exempt property in the state estimated by the State Tax Equalization Board in a 1957 study, 14 per cent was owned by the churches.

It placed the value on this exempt church property at \$392 million.

\$392 MILLION VALUE

The board estimated this was worth about an \$11.7 million tax exemption or subsidy from local governments for the churches.

It took particular exception to exemptions from federal taxation of church-affiliated businesses, such as wineries or distilleries.

The report also noted frequent attempts in the legislature to amend the state constitution to extend property exemptions to parsonages and asked its member churches and denominations to resist such efforts.

To Investigate
Miners' Welfare

WASHINGTON (AP) — Secretary of Labor Arthur Goldberg has promised an investigation "as soon as possible" of the administration of the Anthracite Health and Welfare Fund of the United Mine Workers.

His promise was contained in a letter made public Saturday by Rep. Daniel Flood, D-Pa. Flood's office said he had received hundreds of letters saying pensions were not being paid.

The fund formerly paid retired miners \$100 a month. This was cut to \$50 several years ago and then to \$30 last year. In addition, there have been complaints that death benefits were not paid and

Exchange Of Prisoners Closes Most Famous Spy Case; Eye Future Results

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The Soviet release of U2 pilot Francis Gary Powers effectively closes the book on one of the most famous spy cases of history. What it means to U.S.-Soviet relations can only be judged by future events.

There is a keen awareness in the highest quarters of government here, however, that Premier Khrushchev has recently appeared to be interested in decreasing Cold War tensions and seeking better avenues of communication with Washington.

President Kennedy has been working to the same end. Whether so designed or not, the exchange of Powers and convicted Soviet spy Rudolf Abel seems to fit into that pattern.

MORE THAN TRADE

Initially, well-informed officials were inclined to regard the exchange as meaning more in the classic tradition of a trade between nations of men who were important to each side. Fitting into this theory is the fact that some moves in connection with the Powers-Abel deal are reported to have started as long ago as last May, a few months after the Kennedy administration took office.

Khrushchev's son-in-law, Alexei Adzhubei, lunched here last week with President Kennedy and his press secretary, Pierre Salinger. A day earlier Salinger had met in Paris with Mikhail Kharlamov to talk about exchanging top-level television interviews and otherwise improving communications.

MEAN NEW POLICY

Government officials said that the Adzhubei and Kharlamov conferences did not deal with the Abel-Powers exchange.

They did, nevertheless, bear upon a problem which the Kennedy administration considers of extreme importance and from which U.S. interest in increasing Soviet contact is derived. This is the problem of the Soviet-Chinese political conflict that has split the Communist bloc.

Because of this tension between the world's two great Red powers some experts here believe Russia may be impelled to move away from more aggressive international policies and toward an increasing nationalistic concept of its own interest.

STARTED UNDER IKE

So far as U.S. interest in bringing Powers home is concerned, speculation on the possibility of a deal involving the U2 pilot and the famous Col. Abel goes back into the final months of the Dwight D. Eisenhower administration and the weeks immediately following Powers' capture and conviction.

His return, in other words, has been a matter of interest to both administrations in Washington ever since his spy plane went down over central Russia on May 1, 1960.

Obviously, military and intelligence officials are eager to learn in detail what went wrong with the flight, one of a kind which had been going on for four years.

The Soviets are understood to have shown during the prisoner-trade negotiations that they badly wanted Abel back.

Kennedy administration officials, noting that he had been in jail here for several years, considered his further imprisonment useless in terms of U.S. national interest.

When Powers' plane went down the world was just two weeks away from an East-West summit conference in Paris and entertained unjustifiably high hopes that something might be done there about ending the Berlin crisis.

On May 17 the summit conference at Paris broke down. Khrushchev denounced U.S. spy plane operations and called Eisenhower a "fishy" friend.

Today there are few hopes of any radical change in Soviet aggressive policies in Berlin or Laos or Viet Nam.

With Russia's recent test series the nuclear arms race is going on at a stepped up pace. The decision to release Powers thus fits into the category of actions which the Soviets could take to ease East-West tensions without having to make any change in their positions on vitally important issues where their major interests are involved.

WASHINGTON (AP) — Rep. James E. Van Zandt, R-Pa., a candidate for the Republican nomination for the U. S. Senate, has made public a telegram from Dwight D. Eisenhower which stated the former president never intended to make any "derogatory" remarks about the congressman.

Eisenhower has endorsed Sen. Hugh Scott for the gubernatorial nomination and, through Scott, rejected the candidacy of Superior Court Judge Robert E. Woodside.

Woodside and Van Zandt have teamed up as a ticket. Scott quoted Eisenhower as saying such a combination was "a miserable bet."

"GET STRONG TICKET" Eisenhower in his telegram to Van Zandt said his purpose is to get "the strongest possible ticket for our party in Pennsylvania."

The telegram also said: "In my conversation with Sen. Scott about this matter many frank and spirited comments were informally passed. None of these was in anyway intended as personally derogatory to you. If any speculation about my telegram has given you cause for offense or hurt I regret it very much for I have always held you in personal regard."

TAIPEI, Formosa (AP) — The Chinese Communists fired 110 shells against the Nationalist-held Quemoy Islands Friday.

The sporadic action was the first of its kind since the year of the Tiger, the Chinese New Year, began Monday. The shooting lasted one hour and 58 minutes.

WOLVERHAMPTON, England (AP) — Four young Malayan girls were killed Saturday in a fire at the Brinsford Lodge Teachers' Training College at Featherstone.

Their bodies were recovered from the smoldering remains of a portable building where they had been sleeping. Other students in the building ran into the college grounds to safety.

FREEDOM TWP. DEBT GREW ON TRUCK, PLOW

Freedom Twp., last year bought a new snowplow and a truck, but was \$5,000 in debt, according to the annual financial report filed by the township auditors in the office of the county clerk of courts.

The debt was a demand note and the township should be able to pay it off in due course according to the audit. The new snowplow was valued at \$1,208 by the auditors and the truck at \$1,700 while the township had a cash balance of \$2,600.28 at the end of the year.

During 1961 Freedom Twp. went a total of \$7,000 in debt, according to the report, but \$2,000 was paid off, leaving the one note for \$5,000 remaining to be paid at the end of the year.

RAISED TAXES

Heavy expenditures for the highway work, including an unusually large amount for snow removal, helped put the township in debt despite the increase in taxes shown by the boost of the real estate from seven to nine mills and adoption of a \$5 per capita tax during the year.

The township began 1961 with a balance of \$1,226.60; current real estate taxes brought in \$2,297.58 and prior years' taxes paid in 1961 totaled \$179.37. The per capita tax brought in \$409.65 and the real estate transfer tax provided \$402.58. Other income included \$4,706.09 from the state, \$857.51 from the county, \$150 from the liquor tax, \$120 from fines, and \$50.57 miscellaneous, for a total income of \$9,173.34. Borrowing of the \$7,000 brought income to \$17,399.95. Expenses included \$958.33 for general government, \$10,692.80 for highways, \$1,089.87 for miscellaneous, plus the paying off of the \$2,000 of the debt and payment of \$30 interest.

WASHINGTON (AP) — The World Bank has formally agreed to lend Ghana \$47 million to help finance the giant Volta River power project.

All told, installations in the Volta project will cost \$324 million, including a huge aluminum plant to be built by an American group headed by Kaiser Aluminum Co.

The station will have an initial capacity of 589,000 kilowatts, compared to the 70,000 kilowatts now available in the African nation. Steam plants are Ghana's only current source of electric power.

The loan formally approved Thursday is for 25 years at 5 1/2 per cent interest.

Ghana is putting up \$98 million toward the dam. The United States is supplying almost all the outside financing. This help was granted only after long consideration here of how much aid should be given Ghana's President Kwame Nkrumah, who has been flirting with the Soviet bloc.

U.S. financing includes loans of \$27 million from the Agency for International Development, and \$10 million from the Export-Import Bank.

The aluminum combine will use \$32 million of its own money for

PHILADELPHIA (AP) — The Philadelphia Bulletin asked 37 county Republican chairmen around the state last week for their views on U.S. Sen. Hugh Scott as a candidate for governor. Replies included:

John P. McCord, Schuylkill County: "I am now, I have been, and I will be for Sen. Scott."

Richard C. Frame, Venango County: "... It's my opinion that to win we have to have a stronger ticket than one headed by Bob Woodside. Superior Court Judge Robert E. Woodside. I am for the draft-Scott movement."

ORIGINAL SCOTT BACKERS Henry E. Ragot, Northampton County: "We're the original-original Scott backers..."

Martin J. Bowman, Columbia County: "I personally feel Sen. Scott would be a strong candidate..."

The Woodside-Van Zandt (Congressman James E. Van Zandt) end-around play was a behind the scenes maneuver and I personally don't want to be invited to Harrisburg to kiss the bride."

Theodore F. Freed, York County: "... We took a poll of the committee recently and the preponderance was for Scott."

"100 PER CENT FOR SCOTT" Carl O. Brown, Cameron County: "We were disappointed when we heard that Woodside and Van Zandt had teamed up. Woodside is the Old Guard. I personally would support Scott if it came to a primary fight. But we'll back whomever the party picks..."

Clinton Lister, Fulton County: "I am 100 per cent in favor of Sen. Scott. I don't believe in judges running for governor..."

John W. English, Erie County: "... We're for the Woodside-Van Zandt ticket..."

NO COMMITMENTS G. Gilbert Hazlett, Chester County: "We would be happy to support Sen. Scott if he is chosen as the party's candidate... But we're making no commitments at the present time."

John A. Beauchat, Crawford County: "... We're going to set back and watch things take shape."

Robert A. Evans, Franklin County: "I won't commit myself until I find out definitely if Scott is going to run... The people in the county seem to favor Van Zandt."

Sylvester J. Greco, Beaver County: "... Let's say I would be sympathetic to Scott's candidacy..."

"VERY FAVORABLE" John B. Carter, Greene County: "I haven't decided anything definite yet but Sen. Scott's candidacy is very favorable to me at the present time... I'm making no commitments."

Maurice L. Epstein, Bradford County: "I like Hugh Scott but I don't want to say anything until I call the full committee together..."

Paul A. Evans, Jefferson County: "I always liked Sen. Scott. I think he'd make a good candidate but we know Van Zandt better. We might make a decision at our committee meeting next Wednesday."

Grover R. Keating, Indiana County: "... The way I feel right

11 County GOP Chairmen For Scott; 5 For Woodside And 21 Yet Uncommitted

now, I would be for the Woodside-Van Zandt ticket in a primary fight."

ADAMS OPEN MINDED

George Deubel, Dauphin County: "No comment. We have a favorite son." (Woodside)

Emil Colquist, Clinton County: "We're satisfied with the Woodside-Van Zandt ticket. It was astonishing to hear of Sen. Eisenhower's support of Scott. Everything is mixed up now."

H. Earl Pitzer, Adams County: "We have an open mind right now."

J. Wayne Manspeaker, Bedford County: "I have nothing to say." E. Dallas Leininger, Berks County: "We are going to take a wait-and-see attitude."

Frederick E. Ziegler, Bucks County: "We're still up in the air."

"ONLY SOLUTION" Joseph R. Holliday, Blair County: "I think the drafting of Sen. Scott is the only solution that will bring about a Republican victory."

Donald K. Rinker, Huntingdon County: "No statement until our committee gets together."

George M. Knouse, Juniata County: "I have to be noncommittal right now."

William E. Rice, Warren County: "The people are strong sup-

porters of James Van Zandt. But there is also an element of support for other candidates... our representatives... are uncommitted as of now."

THE REAL ISSUE

Louis Pursley, Union County: "My county has its own preferred candidate but regardless of who is chosen for the slate, I am sure the county will carry him to victory by a wide margin."

William C. Campbell, Mercer County: "... Sen. Scott has convinced some Republicans that he is the only one that can win—this is not true. The real issue is how is going to control the state party: Sen. Scott or George Bloom." (Bloom is state chairman.)

Stanley R. Saylor, Snyder County: "I've always thought Sen. Scott was our strongest candidate..."

Silas J. Sheerer, Sullivan County: "... I think he (Scott) is the best candidate as far as this county is concerned..."

NO COMMENT NOW

Clifton U. Berger, Pike County: "I have no official comment at this time but I can say I'll be for who ever the state chairman eventually backs..."

Richard A. Snyder, Lancaster County: "... I would say for the moment Sen. Scott has caught the imagination of a large number of Republicans."

James E. Staudinger, Montgomery County: "No comment."

L. F. Burlein, Wayne County: "No comment."

Arthur W. Stroup, Mifflin County: "No comment."

R. Wallace Yohn, Montour County: "No comment."

COUPLE WEDS DESPITE MANY CONFLICTIONS

ALGONA, Iowa (AP) — When Gwen Egel and James Kildow were married here almost everything went awry.

Both are from this area, and both are employed in Kansas City. They planned at first to be married in March, but then they decided to advance the date.

Came a wedding rehearsal last Saturday night. There was a mix-up on time, and the bridal party was about an hour late.

Monday was the wedding day. Kildow thought he had plenty of time to get a haircut, and Miss Egel planned to line up a photographer. They found all the barbershops and the photographic studio are closed on Monday. Finally a barber and photographer were rounded up and obliged on their day off.

USE BORROWED RING The ceremony was to be a double-ring affair, but the Kansas City jeweler who was making the matching rings couldn't get them completed by the earlier wedding date. Miss Egel's mother lent her a family ring.

The couple went for a counseling session with the minister —

"No comment."

Henry W. Lark, Northumberland County: "No comment."

and found they had a wedding permit, but no license. A check with a doctor revealed that the results of their blood tests had been lost in the mail.

Miss Egel's father drove 55 miles to Mason City to get the blood test results. On the way he was charged with failure to dim his car lights properly, and a wedding guest who also made the trip was charged with speeding.

The blood test papers finally in hand, Miss Egel and Kildow went to a court clerk at 7 p.m. for their marriage license.

SOILS GOWN Guests were assembling in the church when the minister found Miss Egel in tears in his study. She had dropped her wedding gown in the mud. She had to wash the muddy part in a sink and then iron the dress.

The ceremony finally got under way about an hour late. Halfway down the aisle Miss Egel whispered to her father, "I forgot my bouquet."

"You can't go back after it now," he replied, grimly.

The reception went off very well. But the parents of the bride said they hope their younger daughter decides to elope.

HAITI ALMOST UPSET YANK DIPLOMACY

By WILLIAM L. RYAN
AP Special Correspondent
RIO DE JANEIRO (AP) — A near-disaster for U.S. diplomacy at the hemisphere foreign ministers conference still causes shudders among some American observers.

The threat came from poverty-stricken Haiti, a nation about the size of Vermont, whose 3½ million citizens are ruled with an iron fist by President Francois Duvalier.

Persons at the Punta del Este conference who were in a position to know say Haiti's delegation suddenly and blandly informed the United States that Haiti wanted money.

NEEDED 14 VOTES

Evidently the delegation considered itself in a good bargaining position. It required 14 votes of the hemisphere nations to vote Prime Minister Fidel Castro's Cuba out of the Organization of American States. Only 13 votes could, at one moment, be considered secure. Six nations led by such reluctant big ones as Brazil, Mexico and Argentina, would abstain from voting for immediate expulsion.

If the U.S. delegation lost out on that issue after focusing so much world attention upon it, Washington prestige would suffer a painful blow.

But toward the end of the complicated haggling over what to do about Castro's regime, the Haitians suddenly changed their minds again. What did it? A U.S. spokesman was asked, "NO BRIBE."

"Diplomacy," he snapped, and then added, "There was no bribe."

The Haitian regime has a reputation for expertness in the field of less-than-gentle persuasion.

Reporting from Haiti's capital, Port au Prince, the Miami Herald's Al Burt wrote last week that Duvalier's reputation for political maneuvering was spotlighted by "dangling the bait of Haiti's vote before the United States" at Punta del Este, and that this "apparently won him concessions."

An OAS commission, Burt reported, is weighing Haiti's qualifications for Alliance for Progress aid in the light of what appears to be a Duvalier demand that aid be given with no check whatever on how the money is used. U.S. aid to Haiti was cut off June 30, pending a check on Duvalier's use of the money.

Haiti had received more than \$60 million in U.S. aid since 1954 before the funds were cut off in June.

Burt reported: "If the U.S. dollars don't flow, few doubt that Duvalier will take help from anyone else who offers it. The closest place to turn, of course, is next-door Cuba and its Soviet big daddy."

BEATTY IS 1ST FOUR-MINUTE INDOOR MILER

By DICK BARNES
Associated Press Sports Writer
LOS ANGELES (AP) — Jim Beatty, the world's first four-minute miler, will run in New York the next two weeks.

Because he'll be away from home, the dark-haired 27-year-old North Carolina graduate might even better his new American indoor record of 3:58.9.

Running with planned precision and the helpful pacing of teammates from the Los Angeles Track Club, Beatty broke Ron Delany's three-year-old mark of 4:01.4 Saturday at the Los Angeles Times indoor games.

NO SHOCK RUN

Beatty has run 3:58 outdoors, so his performance was not a shock.

But later he admitted "Being here in Los Angeles and having to run in Los Angeles, it's hard sometimes to get ready. There's too different routine. When I go out of town it's entirely different. You're going somewhere and you know why."

This week, he'll go to the New York Athletic Club games, then a week later will run in the National AAU indoor meet, also in New York. He'll run the mile in both meets.

SNELL OUTSTANDING

Despite his brilliant performance before a packed house of 13,154, Beatty was only a narrow "athlete of the meet" winner over New Zealand's Peter Snell, who set an indoor mark for 1,000 yards.

Snell led from gun to tape as he powered to a 2:06 finish, 1.9 seconds under Ernie Cunniffe's former American indoor standard. He sped past the 880-yard flag in 1:50.2, an unofficial one-thirtieth under Arnie Sowell's American indoor record.

It was the fourth record since Jan. 27 for the 1960 Olympic games 800-meter champion. He ran a 3:54.4 outdoor mile that day, then followed a week later with a time of 1:45.1 for 800 yards and 1:44.3 for 800 meters.

Weather

Eastern Pennsylvania, southeastern New York and New Jersey—Temperatures are expected to average near normal in extreme southeastern New York and New Jersey and three or more degrees above normal farther inland. Seasonably cold throughout the period except for some moderation about Thursday. Precipitation may total about one-tenth of an inch or less melted with light snow developing about Friday.

Middle Atlantic States—Temperatures will average four to eight degrees above normal. Cool Tuesday and Wednesday, followed by a warming trend Thursday through Saturday. Precipitation will average around one-fourth of an inch and will occur Thursday or Friday.

LAWYER FEELS REDS MAY FREE LAST AMERICAN

By CHARLES L. WEST

NEW YORK (AP) — The only American known to be still behind bars in the Soviet Union may soon be released, says the Brooklyn lawyer who negotiated the U.S.-Soviet spy swap.

But, he added, it is contingent upon an improvement in relations between the two countries.

The prospect of freedom for Marvin Makinen, 22, a Fulbright scholar serving eight years on spy charges, was expressed Sunday night by James Britt Donovan.

Donovan said the subject of Makinen's release came up during his talks with Ivan Shishkin, second secretary of the Soviet Embassy in Communist East Germany.

TRADED PRISONERS

The negotiations resulted in the United States' freeing Col. Rudolf Abel, a Soviet master spy serving 30 years in prison; the Soviet Union freeing Francis Gary Powers, the American U2 pilot serving 10 years, and East Germany freeing Frederick L. Pryor, an American student who had been held without trial since Aug. 25.

Donovan, who was Abel's court-appointed American lawyer in the colonel's 1957 trial for espionage, said he viewed the Soviet and East German actions as "a genuine attempt to secure better relations."

He added: "I have what I believe to be assurance that if the better relations contemplated by this exchange should develop, the Soviet Union would contemplate extending clemency to Makinen."

This may be expected "in the near future," Donovan said. "I regard the negotiations as concluded."

Officials at the U.S. Embassy in Moscow said they had no information about the possibility of Makinen's release.

Makinen, who was studying at the Free University in West Berlin, was seized last July 27 and accused of photographing military installations in Hungary, Czechoslovakia and the Ukraine. He is in prison at Kiev.

INDUSTRIALIST SHOT TO DEATH

KINGSTON, Jamaica (AP) — Charles Lyon, 72, Cleveland industrialist shot dead by a burglar, died instantly without saying a word, his wife said Saturday.

Police said the killer had cut the telephone wires Friday before breaking into a guest house apartment where Lyon and his wife, Edith, were staying.

Lyon, a retired vice president of the Diamond Alkali Co., was murdered a day after arriving here for a vacation.

Detectives said they had a full description of the armed robber, who was reportedly seen fleeing into the woods outside of town.

Lyon's son-in-law, R. E. McArthur of Hampden, Conn., was flying here to take his body home sometime today.

Lyon, a native of Eldred, Pa., retired from Diamond Alkali in 1965. While with the firm he had served as general manager of the Houston, Tex., works.

SEND GUIDES ON SCHOOL PLAN TO 66 COUNTIES

HARRISBURG (AP)—Guides to school district reorganization are on their way to 66 of the state's 67 county school superintendents.

The guides are being mailed to all but the superintendent of the Philadelphia County schools, the Public Instruction Department said over the weekend. Philadelphia County already acts as a single school district.

In a preface to the guide, published as a 70-page book, State Superintendent Charles H. Boehm wrote that reorganization is "the greatest challenge ever to face" the county officials.

French Settlers In Algeria Say They Feel Right At Home

By JOSEPH E. DYMAN
ALGIERS (AP) — French settlers in Algeria who lived through the Nazi occupation of France say they feel right at home in Algeria today.

Algeria's Moslem majority looks to the expected cease-fire in the Algerian war as the preface to their country's independence. Most of the European settlers view an agreement with the National Front as a sellout. And they now look on the underground Secret Army Organization as Frenchmen once looked with similar fervor to the wartime resistance movement for ultimate liberation.

As the European settlers see it, Algeria is a country under hostile occupation and the "occupying power" is of their own people and legally their own government. In private conversations, they compare the government in Paris with Vichy and turn on President Charles de Gaulle the same argument wartime Gaullists used against Pierre Laval.

With the same resentful bitterness, the Europeans of Algeria despise French authorities as "traitors" who have joined hands with an enemy to work France's downfall. De Gaulle now plays the role of Marshal Philippe Petain and deserves the same fate for the same reasons, they assert.

In the local lexicon, police officers actively fighting the secret army are the hated "barbouze" or the "Gaullist gendarme," ranked with the Vichy "milice" (special police) who once acted as tools for Hitler's police state.

The Europeans here go about their daily chores with an air of sullen scorn for the Paris authorities.

TWO ARE BARRED
"There are two people who can never come to Algiers—De Gaulle and Ben Khedda," one after another of the Europeans says. They vow that they will never permit rebel Premier Ben Youssef Ben Khedda to install himself here, and they almost dare Paris to try to install a provisional European-Moslem executive in any of the Algiers public buildings.

De Gaulle's government, having battled the Moslem rebels to a deadlock, now faces an even more difficult, more desperate and more elusive European terrorism which has the wholehearted support of perhaps 90 per cent of Algeria's European population.

About the only secret in the secret army, is in its name "OAS WILL WIN"

Its activities are widespread and almost public. Its tracts and pamphlets circulate throughout the urban area. It is openly dis-

counted and its directives quickly and effectively distributed.

"At last," said one cab driver, "we have something to defend us!"

A shopkeeper smiled confidently and predicted: "The OAS (initials for the secret army's French name) will win! Just wait and see!"

This may sound like the sinking man clutching at straws, the death row convict waiting for the governor's pardon, but the cab driver and the shopkeeper don't see it that way. They are firmly convinced that they and the secret army have a mission to save France from De Gaulle.

The secret army now seems planning on a long-range underground resistance, modeled on the wartime anti-Nazi movement.

Teacher Resigns In Conewago Twp.
The resignation of one teacher and the employment of another was approved by directors of the Conewago Township School District at their regular meeting in the elementary school, Elm Ave., Hanover.

The board accepted the resignation of Mrs. Marion Clapie, Gettysburg R. 2, with regret. Mrs. Clapie, a Second and Third Grade instructor, tendered her resignation effective at the end of the present school term.

Mrs. Ella Grace Richards, Salem, Va., was employed as a primary instructor for the 1962-63 term. Mrs. Richards is a graduate of Heidelberg College, Tiffin, Ohio, and had graduate studies at the University of Virginia. She is teaching at Salem.

WASHINGTON (AP) — Formal ouster of Cuba from the inter-American system is expected Wednesday at a meeting of the Council of the Organization of American States.

The hemisphere's foreign ministers, meeting last month at Punta del Este, Uruguay, directed the council to expel Communist Cuba.

After the council takes its expected action, the U.S. government plans to request the Cuban delegation to leave the country.

PRAGUE (AP) — Communist Czechoslovakia has adjusted its 1962 agricultural plan after failing to meet most of last year's targets. The party blamed the 1961 shortcomings on failure to stick to cultivation plans.

The new plan provides for an increase of 51 per cent in agricultural production, the official Czechoslovak news agency reported Saturday. The 1961 production increase was only one per cent.

DEAF MAN PERFECTS MIDGET HEARING AID
PHOENIX, Ariz. (Special) — A remarkable midget hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.

This small aid has no dangling cords or separate transmitting units and presents a most unusual idea and design in a product for the hard of hearing.

It is especially made for those people who can hear but not understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television, and radio at his ear rather than at a transmitter located in the wearer's clothing.

Due to the use of 4 transistors, the user cost is extremely low and the instrument weighs approximately 14 ounces. It is about the size of a sewing thimble.

Write to Hearing Conservation Institute, Box "35-M" c/o Gettysburg Times, Gettysburg, Pa. You will receive full information without any obligation whatever.

LINCOLN VS. SHIELDS

Sand-Bar "Duel" Was Not Folklore

Mischievous Young Ladies Caused Trouble

By JIM DAN HILL, Ph.D.
President, Wisconsin State College, Superior

LINCOLN'S HOME town, Springfield, Ill., happened to be a rendezvous for a most unusual and able group of lawyers, judges, journalists and politicians. Not even the Washington, D. C., of that era was so rich in talent. Lincoln had to be a genius to hold his own among them, not to mention emerging as the greatest of them all.

Stephen A. Douglas, Edward D. Baker, Orville H. Browning, David Davis, John J. Hardin, Norman B. Judd, Stephen T. Logan, John G. Nicolay, James Shields, John Hay, and Lyman Trumbull were Lincoln associates and all were men of great ability.

THAT LINCOLN and the brilliant Stephen A. Douglas first competed for the hand of calculating Miss Mary Todd, with Lincoln the unlucky winner; that they battled bitterly later for the same Senate seat, with Lincoln the lucky loser; and finally their whirlwind campaign for the Presidency with Lincoln triumphant, has become an oft-told American saga in which both men are recognized as Titans.

Lincoln's long friendships, rivalries, and battles of wits with any one of the above could easily fill an interesting book. But with none were his relations more unusual than those with James Shields, the best educated, most polished, handsome, well groomed, ardent politician, in all Illinois.

And lest you think Shields may have been one of the era's small fry, be it said at the outset that he is the only statesman in American history to be elected to the U. S. Senate from three different states — Illinois, Minnesota and Missouri. Throughout his sojourns in all three he was considered mucho hombre!

Translator from the Spanish to Albuquerque Apache, that means "beep much man."

BUT WHEN LINCOLN first knew Shields, both were on the way up. Lincoln was a Whig in the state Legislature. Shields likewise was a young bachelor lawyer, also in the Legislature, but a dedicated Democrat. A Roman Catholic, native of Duncannon, County Tyrone, who could spout French, Spanish and Latin as readily as he uttered English, Shields was tough competition.

By the time Mary Todd was re-aligning Lincoln, following the debacle of their first engagement, which had set all the gossips aglow, the immaculate Shields had progressed beyond the legislature. He was state auditor and doing a superb job.

While Lincoln was almost secretly seeing Mary Todd in the home of Ninian W. Edwards, she and her warm friend, Julia Jayne, could think of no better way to flatter the reluctant Abe than to poke fun at the handsome Irishman — the antithesis of Abe.

TO FURTHER their fun and purpose, they published in the local paper a series of humorous but politically slanted, maliciously critical letters. They were in log-cabin dialect, were allegedly from "The Lost Townships," and were signed "Rebecca."

Somewhat amused and intrigued, Abe got into the act. Under date of August 27, 1842, he supplemented their efforts with a 1,500-word "Rebecca" letter that went deep under the Shields' thin skin and stayed there.

PUBLICATION found Shields in Quincy, Ill. On his return Lincoln was out on the trial court circuit, but the state auditor's seconds found him to deliver a challenge. Duels were illegal in Illinois, but it was conventional to select a sand bar on the Missouri side of the Mississippi channel as the "field of honor."

Carl Sandburg reports, "A story arose and lived on when
